Grey to Green — History

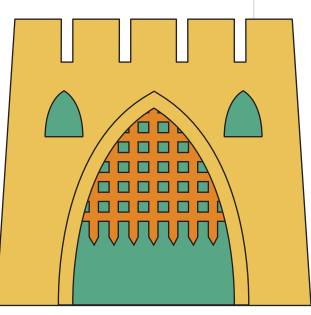

Step back in time

There's lots of history in this part of town. Look around you — block out the shiny new buildings and imagine you're travelling back in time.

Set your time machine to medieval times at Castlegate.

Here is the site of Sheffield Castle. Can you picture the fortress standing proud?

Draw what you imagine the castle looked like here...

Grey to green Runs along the northern edge of the city centre from West Bar (S3 8PH) via Castlegate to Exchange Place (S2 5TR). It's a 10 minute walk from Pond Street bus station and around 5 minutes from Fitzalan Square tram stop.
